

Student Well-being and Prevention of Violence *Research Centre (SWAPv)* Inaugural Conference 2016

July 13-15, 2016
Flinders University
Adelaide, South Australia
Australia

Enhancing child and adolescent well-being and preventing violence in
school and early childhood settings

The SWAPv inaugural conference, in partnership with **Flinders Educational Futures Research Institute**, **The Wellbeing and Resilience Centre (SAHMRI)**, **headspace**, and **Relationships Australia (SA)**, will bring together national and international researchers in the field of promoting student wellbeing, positive mental health, preventing violence and aggression, bullying and cyberbullying, and other related fields.

KEYNOTE SPEAKERS

Professor Carmel Cefai

Director, Centre for Resilience and Socio-Emotional Health, University of Malta

Professor Catherine Blayer

President of the International Observatory of Violence in Schools, The University of Nice Sophia Antipolis, France.

Mr Agio Pereira

Honorable Minister of State and of the Presidency of the Council of Ministers, Timor-Leste.

The program will comprise papers, posters, round table discussions workshops and symposia. The aim is to link research with translation, dissemination and implementation. The program will be orientated towards understanding cutting edge issues in the research field, and assisting registrants to apply research findings to improve student wellbeing in educational contexts. A practitioners day is planned where researchers, policy makers and educators will come together to facilitate the translation of research to policy and practice. A feature of the conference will be to the focus on research higher degree students and early career researchers to foster further research collaborations and ideas.
